

How Your Shed Can Collect Names

There are three simple ways your shed can gather support. Please use whichever option works best for you. Take the forms, posters, and resources everywhere you go to community projects, local groups, past contacts, and anyone who has benefited from or supported your shed. The more people you reach, the bigger our impact.

Option 1 — Use the Online Form on Our Website

This is the easiest option and works on any device, a computer, tablet, or mobile phone.

Here is how to use it, step by step:

1. Go to our website: www.vmsa.org.au/help-us-build-a-future
2. You will see a form on the page. Fill in your name and details.
3. The form can take multiple names. To add another person, press the + button. This will open a new row for the next name.
4. Once you have filled in all the details, press the Submit button to send the names through.
5. Once you have submitted the form, refresh the page to bring the form up again. You can submit the form as many times as you like, so feel free to come back and add more names whenever you have them.

Option 2 — Use the Hard Copy Paper Form

If your members are not comfortable using a website, you can print a paper form and collect names by hand at your shed.

Here is how:

1. Download and print the Hard Copy Support Form from our website under Shed Resources section at the bottom of the page: www.vmsa.org.au/help-us-build-a-future
2. Pass the form around at your shed for members to fill in their name and details.
3. Once the form is complete, scan or photograph it and email it to us at: vmsa@vmsa.org.au

Option 3 — Email Us a List of Names

If a form does not suit your shed, you can simply email us a list of names. There is no special format required.

Just email the names of your members and supporters to us directly at: vmsa@vmsa.org.au

Need Help? Please Call Us.

If any of these options are outside your shed's experience or you are not sure what to do, please do not hesitate to call Jim. He is happy to help walk you through it over the phone.

Jim's phone number: 0448 015 554

Shed Resources — Help Us Spread the Word

To help your shed promote the campaign to members and the wider community, we have put together a set of ready-to-use resources. These are available to download from the Shed Resources section on our campaign website at www.vmsa.org.au/help-us-build-a-future

Included in this pack and also available to download are the following resources:

- Additional printed Show Your Support forms — so you can print more copies to gather names at your shed
- A newsletter image in PDF and JPEG format — ready to drop into your shed newsletter
- Social media instructions and a campaign image — with step-by-step guidance on how to share the campaign on Facebook and Instagram
- An email kit — with a ready-to-send email and instructions for emailing your members and supporters directly
- Campaign posters — included in this pack for you to display inside your shed, at your local community centre, library, café, or anywhere else you can place them for maximum impact. Take them to community projects, local groups, and anywhere your shed has connections. If you need more copies, please email us at vmsa@vmsa.org.au and we will get them to you.
- Corflute signs — we will have corflute signs available, one per shed. These will be available at our Road Shows and upcoming shed meetings, or you are welcome to pick one up from the VMSA office.
